## Welcome to the Dear Santa Database!

The Dear Santa Database was designed for friends, family, office members, Cub Scout troops ... just about any grouping of people that may be exchanging holiday wish lists, including yourself. You can create your own wish list within a group, and everyone can see what you'd like to have. Conversely, you can mark potential gifts as "Maybe" or "Purchased", thus reducing the possibility of gift duplication. Additional introduction information would go here.
